Hi Dr. Hahn- forgot to mention in our check in that we received a letter this week from house dems (lead by degette) similar to the Murray REMS letter. Degette or someone else could raise in the hearing, so we'll work on a response that everyone is comfortable with from a litigation perspective and include in the murder board.

Hi dr Hahn- a couple of quick updates/questions--

1. confirming that you told Sen Tim Scott that you will do an Instagram live session with him? We can connect with his staff but want to make sure that is accurate (it came in as a scheduling request to Janice)

2. Sen. Alexander is asking to speak with you before the hearing next week and is suggesting Thurs for 15 minutes. Assuming that works?

Hi Dr. Hahn- are you ok if I invite HHS/ASL and WH leg to listen into your Alexander call tomorrow morning?

If you remember, they would like to listen in to all member/Senator covid calls and we've been doing so for certain calls. I think this is fine one for them to join and they will probably hear about it from HELP staff, but obviously up to you.

Hi Dr. Hahn- I've been working with ASL on the Aug 4th HELP hearing. David Cleary would be interested in Dr. Marks in your place and understands his main focus would be vaccines/therapies and would not be in a position to speak for all of FDA. Anna, Keagan, and I agree it would be a good opportunity for us to get our message out on vaccines. We haven't talked to Dr. Marks yet, but will do so if you agree.

The committee still may go another direction, but ASL would like to know if they can offer him to the committee in your place.

Thanks!

Hi Dr. Hahn- Senator Cantwell would like to speak tomorrow if possible about an EUA application (for internal: it should be authorized soon). We explained that you will be in listen mode but she's still like to flag it for you. Ok to work with Janice to schedule?

Approps trying to finalize a COVID supp to attach to the FY21 bills. They are pushing to get us more COVID funding in our request - if successful- they will include finds for everything but the RWE activities. Can fill you in more tomorrow but things looking promising right now.
