We met after VRBPAC and we made the decision to move forward with the EUA. Teams working in shifts to get the needed work done. We told the sponsor and given them the ok to preposition vaccine at clinical sites now. Vaccine can be administered after EUA issued. Redfield and CDC notified and they are coordinating with OWS. We've also notified OWS of the decision to move forward.

From Peter -
Sorry for the delay, (b)(5)
(b)(5)

The Mayo are a little behind with getting the analysis done, but are transferring us half of the remaining samples later today and half tomorrow to make up a bit over 5,000 (b)(5)
(b)(5) but the database will still be getting cleaned and locked at that point. We are aiming to have the formal analysis completed by COB Thursday of this week, and will do whatever we can to move this up if it does not mean sacrificing accuracy.
